

# ROCKING MOSES BASKET STAND

## ASSEMBLY INSTRUCTIONS

**IMPORTANT — Read the instructions carefully before use and keep them for future reference**

**Read back page BEFORE beginning assembly.**

**READ WARNINGS AND CHECK PARTS.**

# ASSEMBLY STEPS

1

- ☒ Insert **Wooden Pins (H)** into the top hole on the **Side Rails (C)** on both ends. Repeat for other side rail.

2

Note: Angled edge of legs face outwards as shown with the larger holes for the cross dowels on the same side facing in.

- ☒ To attach the **Side Rail (C)** to the **Legs (A & B)** simply line up the wooden dowels you inserted in Step 1 into the top hole on the flat surface of the legs. Ensure that you have one A leg and one B leg as shown in image. Bolt together using the **50 mm Screws (G)** tighten with Screw Driver (not supplied). Repeat for other side.

3

- ☒ Attach the **Curved Base Rail (D)** to the leg assembly with four **50 mm Screws (G)** as shown. Ensure screws are tightened securely. Repeat for other side.

4

- ✘ Insert one of the end of the **Dowel Cross Rails (E)** into the large hole on the side assembly. The dowel should go into the hole tightly as shown in **4a**. Some gentle tapping may be required. Screw the dowel into place with a **50 mm Screw (G)** and tighten in place. Repeat for the three other ends of the dowels.

5

- ✘ Place partially assembled unit on its side as shown. Line up the second side assembly with the four dowels and press together. Ensure the dowels are fully inserted into the holes. Secure in place with four **50 mm Screws (G)** as shown.

6

- ✘ Now attach the **Plastic Rail (F)** by first lining up the two holes on the end with the two guide holes on the **Side Rails (C)** as shown in **6a**. You will need a Philips screw driver for this task (not supplied). Screw firmly in place. Repeat for other end of plastic rail. When done simply attach the other plastic rail to the other end as shown.
